

## CHAPTER 1

# GAME ON!

*The Disney World Queue Line Scavenger Hunt* will help you pass the time while waiting in line at the Walt Disney World Resort. It's a great way to turn waiting in queue lines into an adventure and add fun to your visit!

Almost all of the items in this scavenger hunt can be found from the queue lines at attractions in the Magic Kingdom, Epcot, Hollywood Studios, and Animal Kingdom. A few attractions, such as the pavilions in Epcot's World Showcase, do not require a waiting period, but have been included to add an additional level of fun while visiting these areas. Some items are easy to find, while others may pose more of a challenge. Unless otherwise noted, scavenger items inside attractions have been avoided as to not distract from your ride experience.

### PLAYING THE GAME

Before visiting the parks, decide if you are going to play as individuals or as teams. Families with younger children may wish to play as teams, pairing up an adult or teen with a younger child. Adults and families with older children may choose to play individually or in groups.

Each scavenger item includes a scoring grid for up to six teams. Each team or individual should decide on a team name. Write the name of each team, along with the names of team members, on the following page.

## SCORING

Note the letter before your team name in the grid for tallying your score during the hunt. While waiting in a long queue, use the table of contents in the front of this book to locate the page that corresponds to that attraction. Find as many of the items on your scavenger hunt as you can. Keep track of your score by marking your team bubble below each item found.

## HELPFUL HINTS

Here are some suggestions to help you in your search:

- ✓ All items can be seen from the queue lines unless otherwise noted.
- ✓ Items are often listed in the order in which they appear in the queue.
- ✓ Both easy and hard to find items have been included for each attraction. When teaming, allow younger children to find the more obvious items (marked with an asterisk\*) while adults focus on finding the more difficult ones.
- ✓ When asked to find Mickey, it is often a Hidden Mickey you are looking for. Only well-defined, primarily classic Hidden Mickeys have been included in this scavenger hunt.
- ✓ If teams separate, you may wish to require photo evidence of items found.
- ✓ For added fun and excitement, consider rewarding the winning team - perhaps a sweet snack, a souvenir, or dinner at a restaurant of their choice. Be creative!

## WHEN YOU FINISH

After you have found as many items as you can, add up all the points from the park for each team. There is a handy worksheet at the end of each section to help you with this task.

At the end of your Disney vacation, add up each team's total points using the worksheet at the end of the book. Compare your total score with the other teams. Who will be crowned *The Disney World Queue Line Scavenger Hunt* grand champion?

Have fun on your Walt Disney World scavenger hunt!
